

RONAN

SHOW STOPPER

To craft Saoirse Ronan's look, comb through strands with **Neuma neuStyling Smoothing Crème**, using the **Denman D12 3-Row Comb** to evenly distribute product. Part hair down the middle and make two uneven sections, creating a French braid on each side to the nape of the neck. "Leave a small amount of hair out on the hairline to frame the face and soften the look," says GKhair educator Keva Davis. "Once braided, add texture by lightly pulling apart the braids. Pin plaits up in a flat bun by crisscrossing them in-between the braids just at the nape. Secure with pins." Last but not least, clean up select strays with **GK Hair Shaping Wax**. @denmanbrush, @gkhair, @neumabeauty
