Summer Hair

Summer is fun! But it can be hard on our clients' hair. Here are some great solutions.

—NICK STENSON

1

sugar, sugar
Biolage Sugar Shine Shampoo and Conditioner whisk away product build-up and debris, then moisturize hair to a silky soft finish. Sweet!

3

mighty masque
Weak and damaged hair becomes fit and fabulous with KeraCare® Intensive Restorative Masque. Fruit extracts repair damage, reinforce weakened areas and increase elasticity. Studies show hair is up to 42% stronger with regular use.

2

two minutes to health
Overly stressed strands receive intensive care with Bain de Terre's Jasmine 2-Minute Intense Conditioner. Hair emerges shiny, soft and stronger in just 120 seconds! Available on jcpssalon.com.

4

strengthen her core
AG Hair's refuel sulfate-free strengthening shampoo actually restores hair's core strength with keratin amino acids (the primary building blocks of hair) and natural herbal extracts. Dry, damaged hair bounces back with softness and shine.
